Universal Multi-Clamp for Various Adapters

KEY POINT

TaeguTec introduces a new universal multi-clamp that is compatible with various tapered type adapters and holders.

A new universal multi-clamp now replaces multiple clamps on a wide range of adapters and holders according to the spindle type. Tool replacement time is dramatically reduced thanks to the needle roller system, located in the middle of the clamp, that allows firm clamping to whichever tapered adapter or holder type in use.

For more information, please contact the product manager.

Features

- High compatibility clamp enables clamping to a wider range of tapered adapters: HSK, C-ADAPTER, BT & DIN
- Self-locking mechanism with a needle roller system enables stable clamping to the tapered shanks
- Easier and quicker clamping

Mounting adapters/holders (tapered types)

Designation	Dimension (mm)				
	HSK A/C/E/F	C-ADAPTER	BT	DIN69871	DIN2080
MULTI CLAMP 40 UNIVERSAL	HSK 40	C4	-	-	-
50 UNIVERSAL	HSK 50	C5	-	DIN69871 30	DIN2080 30
63 UNIVERSAL	HSK 63	C6	BT 40	DIN69871 40	DIN2080 40
80 UNIVERSAL	HSK 80	C8	-	-	-
100 UNIVERSAL	HSK 100	C10	BT 50	-	-
